Ali Moghadam

I am Ali Moghadam, an IT expert. I am very interested in programming and graphics. I am 35 years old and I got married. I dream of creating artificial intelligence about design and programming. I worked in the fields of networking, Windows, security for many years and finally came to the conclusion that I should learn programming.

Why Choose Me!

(Hover to reveal)

All stages of work progress are checked and approved by the employer through video conferencing or virtual hosting.

If the customer needs, a simple version of the Android application will be provided to the customer for free
